

LOCAL POLICE SEARCH FORESCAPED CONVICT WITH STOLEN MOTOR

One of Four Men Who Escaped Quincy Jail Gets By Vanceburg Authorities and Comes Down River With Stolen Motor.

Chief of Police Harry A. Ort this morning received a letter from the government engineers at Dam 31, Firebrick, Ky., asking him to be on the look out for a man who had escaped the jail at Quincy, Ky., who is said to have in his possession a detachable row boat motor which was stolen from the government engineers at Firebrick dam.

Only a few days ago four men escaped from the jail at Quincy, Ky., and they are supposed to have broken into a house in Quincy after their escape and to have stolen several articles of value from the government men at Firebrick. The authorities at Vanceburg were notified that the men were on their way down the Ohio river in the motor driven row boat stolen from the dam. The Lewis county sheriff with assistants overhauled the men near Vanceburg and arrested three of them but the fourth man escaped in some manner and he is supposed to have the motor as the spoils had been divided before they reached the Lewis county capital.

It is more than likely that if the one escaped convict who got by the Lewis county authorities is intending to keep on down the river, he has passed Maysville by this time but it is the opinion of the officers that the man will leave the river and has probably already left the river. He may endeavor to sell the motor in Maysville and if a detachable row boat motor is offered for sale in Maysville or this district the local police station should be promptly notified by telephone so that the man can be arrested and returned.

SUFFERING FROM BLOOD POISONING

Lieut. John Dudley Keith, who recently was discharged from the army and who has been connected with the Keith & Keith garage since his return, was taken very seriously ill Monday evening from blood poisoning and three physicians were called to give him medical attention. A few days ago Lieut. Keith scratched his hand while at work at the garage and blood poisoning developed. He is reported as very serious this afternoon.

COUNTY'S ASSESSMENT IS INCREASED THREE MILLION

Committee Named by Judge Purnell Is Able to Reach Compromise With State Tax Commission But Assessment Is Increased Large Amount.

County Judge H. P. Purnell and the committee of local business men appointed by him to appear before the State Tax Commission at Frankfort Monday, met with considerable success in that their arguments caused the commissioners to reduce the proposed increase on our assessment but the increase made in the compromise will reach nearly three million dollars.

It was proposed by the state body that Mason county should be increased nearly five million dollars over the assessment returned by the County Tax Commissioner which was the largest by several millions that Mason county has ever made but the local committee was able to show the state authorities that such an increase would be unjust.

Mason county's total assessment as returned by County Commissioner Brady amounts to \$21,723,559 and the compromise reached Monday in Frankfort increases the assessment to approximately \$24,423,559 which is an increase of approximately \$2,700,000. The committee is to be congratulated but the county is still assessed too high, it is the general opinion.

CHIMNEY ON COURT HOUSE FALLS

A chimney on the West side of the County Court House was blown down Monday night. Bricks were scattered all over the Court House yard but fortunately no one was injured and no damage was done to the adjoining buildings. The electric and telephone wiring was torn down considerably.

COAL SCATTERED OVER THE EAST END

The hoppers in a car of coal drawn by a C. & O. train loosened this morning when the train reached Commerce street and coal was scattered all along the railroad track for considerable distance. Fortunately the coal fell in such a manner as to not wreck the train.

ALLEGED FAKE STOCK SALESMAN TO RETURN HERE FOR TRIAL

H. W. Norris, Who Is Said to Have Beat Many Kentuckians Out of Several Thousands of Dollars Will Be Returned From Dayton, Ohio, For Trial Here.

District Prosecutor B. S. Grannis arrived in Maysville this morning from Columbus, Ohio, where he had been to appear before Governor Cox and the Secretary of State to urge the honoring by that state of a requisition issued upon them by Governor A. O. Stanley for the return to Kentucky for trial of H. W. Norris, who is said to have been one of the most successful fake stock salesmen who has ever hit the state of Kentucky.

It will be remembered that some time ago Norris was in Maysville and made a big hit with the numerous investors of this community. His story was that he owned more than a thousand acres of coal land in Carter county, Kentucky, which he proposed to develop and the proposition was to organize a company here to take over and develop the land. It is said he promised the Mason county men the Presidency of the new company but they contended for the Secretary and Treasurer and this is where the plan balked.

From here Norris is said to have gone to Fleming county and there he succeeded in getting about fifteen thousand dollars. After harvesting a rich crop of dollars from there he went to Shelby county and succeeded in getting a good sized sum of money there. He then left for the state of Ohio and was not heard of for some time.

The losses in Shelby and Fleming county became uneasy about their money and raised a fund to investigate. They found they had purchased stock in an air castle scheme and they immediately raised a fund to see if any of their money could be returned to them and if not to bring the promoter back to Kentucky for prosecution.

The investigation made by lawyers disclosed that the money was gone forever and a search for Norris was instituted. He was located at Dayton Ohio, some time ago and Governor Stanley was asked to issue a requisition on the Governor of Ohio for his return.

District Prosecutor Grannis was employed by the Shelby and Fleming county men who had lost their money in the deal and he has just returned from the capital of Ohio this morning after arguing the case with the officials of that state. The requisition has been honored and Norris will be returned to Shelby county for trial under an indictment but before he is returned here it will be necessary, under the laws of the state of Ohio, to hold a sort of examining trial in Dayton and witnesses will be taken there for that examination next week.

LIMESTONE BUILDING ASSOCIATION

Opens new series March 1, 1919. A few things you know but we will remind you of them—

Your money is guarded as safely as possible. A guarantee company bonds your officers. The State Bank Examiner audits its books the same as is done in banks. Your money is loaned either on Building Association stock or on Masoa county or Mayaville real estate. You get all the profits less actual expenses of conducting the association.

Save while saving is good. Money to loan to buy or improve your property.

WILSON BACK—FLAG DOWN

The city flag on Market street has not been placed on the flag staff today by Officer P. Ryan, custodian of the colors. Officer Ryan explains that the flag will not appear again on the pole except for some special occasion. When it was first hoisted to the breeze amid acclamation it was to appear daily until the war was over. When President Wilson left for France it was decided to allow the flag to float until his safe return. When the President landed at Boston Monday the flag was lowered. The old flag is worn to tatters and a new one will have to be purchased for use on special occasions.

WARRANT ISSUED FOR ARREST OF MINISTER ON DEACON'S REQUEST

Pastor of Holiness Church Charged With a Breach of the Peace By One of His Most Prominent Members—Evangelist Singer Also Complained Against.

Warrants were issued today in Squire Fred W. Bauer's court charging Rev. J. C. Wakefield, pastor of the Apostolic Holiness church and a Mr. McKelley, evangelist singer, with a breach of the peace. The trials will probably be held tomorrow at the Court House.

The warrants were issued at the request of Stanley Mitchell, one of the deacons of the Apostolic Holiness church of which Rev. Wakefield is pastor. Mitchell made complaint to Squire Bauer that his pastor and the evangelist singer came to the Mitchell home on Sunday and used language to him in the presence of his wife and family that was calculated to provoke a breach of the peace. It is said that the minister displayed considerable anger toward Mitchell and caused quite an excitement at the Mitchell home.

The exact trouble will come out at the trial but it is understood that the trouble arose when Mitchell objected to a certain local man occupying the pulpit at the Holiness church on evening last week. Mitchell, it is said contended that the man was not licensed to preach, did not carry the necessary credentials of the denomination to admit him to the pulpit and therefore should not be allowed to preach a sermon for which he had been advertised. A revival meeting has been in progress at the Holiness church for several weeks and during the past week several various ministers have been preaching on various evenings.

Mitchell's objection to this one man's preaching is said to have caused the pastor of the church to become angered.

When it became whispered about this morning that the warrants had been issued considerable excitement was created over the city and especially among the members of the Holiness denomination. Thinking that probably the case would be called this afternoon, quite a number of the members of the congregation gathered at the Court House this afternoon anxious to hear the evidence.

Interest is running high. So far as is known this is the first time in the history of the city that a warrant has been issued for the pastor of any Maysville church. Members of the congregation seem to be separating into two cliques—one standing by the pastor and the singer and the other opposing them and upholding Mr. Mitchell in his action.

Both of the gentlemen in the case are looked upon as first class citizens. Rev. Mr. Wakefield came to Mayaville about a year ago from Chicago having been in business in the Windy city. Since his coming to this city he has conducted himself in a manner becoming a minister and has made many friends. Mr. Mitchell is recognized as one of the city's squarest, best and cleanest citizens.

The final outcome of the case will be watched with much interest.

NOTICE ODD FELLOWS

FIRST ARREST UNDER DOG TAX LAW MADE

Owner of Dog on Which No State or County Taxes Had Been Paid Is Required to Kill the Animal.

The first arrest under the new state dog tax law was made yesterday and last night the case was heard before Squire Fred W. Bauer at the Court House. The owner of the animal upon which no state or county taxes had been paid was ordered to have the animal killed immediately.

Maysville and Mason county is filled with no account curs upon which taxes have not been paid and the officers will probably begin in the immediate future the strict enforcement of the new state law.

Because the law was new and the people did not thoroughly understand its provisions, there has been no rigid enforcement but officers now believe that the people have had plenty of time in which to learn all about the laws requirements and they expect to enforce it in all of its provisions.

The people of the East end had been bothered several days by a worthless dog running at large. An investigation showed that the dog had not been licensed and the owner, Mr. John Mitchell, an employee of the C. & O. railroad company, was summoned to appear in court. When he came to court he was considerably distressed over the trouble his dog had caused and promised that the animal would be killed. Upon this promise Squire Bauer dismissed the charge.

INFLUENZA CONTINUES TO IMPROVE IN COUNTY

According to reports reaching the office of County Health Officer J. S. Locke daily, the influenza situation in Mason county outside the city of Maysville is now improving rapidly. The situation in the city has been very satisfactory for several weeks but the county still furnished quite a number of new cases every day. Dr. Locke now reports that the county is showing up in new cases and he says he believes the situation has practically cleared.

BABY MITCHELL

Mr. and Mrs. George Mitchell, of East Second street are rejoicing over the arrival of a new baby daughter Monday.

During the absence of Dr. B. B. Bailey, pastor of the First Baptist Church from the city, there will be a supply pastor to preach at this church each Sunday.

METHODISTS WILL HOLD UNIT MEETINGS TOMORROW

In Continuing Centenary Plans Third Street Church Members to Hold Neighborhood Meets.

The Centenary Unit meetings for the Third Street M. E. Church will be held Wednesday evening at 7 o'clock at the following homes:

Unit Two, Miss Hurd at Mrs. Chas. Flat.

Unit Three, John W. Nish, Chairman, at Mrs. Sudie Ennis.

Unit Five, J. H. Richardson, Chairman, at Nelson T. Bratton.

Every member of the church is expected and urged to attend one of these meetings. All have been notified to which unit they belong; attend that meeting. These meetings serve a three-fold purpose: prayer, information concerning the Centenary, and social fellowship—getting better acquainted. The meetings will continue until every member of the church either gets in line for a better church or shows by their actions that the interest of the church and Christ's Kingdom has no interest for them longer.

BARKOOT CARNIVAL WANTS TO COME TO MAYSVILLE

Mayor Thomas M. Russell this morning received a letter from Chas. T. McCarty, who will be remembered by many Maysvillians as manager of the famous Brown carnivals which played here a couple of years ago. McCarty is now managing Barkoot's big carnival which carries 15 first class shows. He wants to make arrangements for an engagement for Barkoot's big shows in Maysville during the coming season and as this is a first class carnival in every respect it may be considered.

NEW PRICES ARE ON AS THE TAX BILL BECOMES LAW TODAY

Price of Whiskey Greatly Increased With New Tax Going on Today—Other Prices to Advance.

President Wilson signed the new \$6,000,000,000 revenue producing bill Monday night. The time was 6:55 o'clock and this means the bill became operative at 12:01 a. m. Tuesday.

Whiskey isn't the only thing affected by the new measure, but the way saloonkeepers and whiskey dealers had been urging patrons to buy before the increased tax started would lead to the belief, observers said, that nothing else was going up.

The new revenue bill, when all sections of it become operative, is expected to increase tax returns in the Cincinnati district to \$125,000,000 a year. About \$55,000,000 was collected last year.

The tax on 100 proof whiskey goes up from \$3.20 a gallon to \$6.40 a gallon. Whiskey of higher proof and that of lower grade advances proportionately.

A quart of whiskey that cost \$2 Monday was advanced to \$3 Tuesday, although the actual tax-increase was 30 cents.

Enormous sales were made up until late hour Monday, but there was plenty of whiskey left Tuesday. Much of it is in bonded warehouses and the tax is not payable until the goods are withdrawn.

The tax on beer jumps from \$3 a barrel to \$6. The rate on cigars and cigarettes goes up, but dealers do not expect more than a cent advance on the higher-priced goods.

The tax on champagne is doubled and so is that on other wines.

Ginger ale, rootbeer, pop, mineral water and other soft goods will be taxed at 10 per cent. on manufacturers' sales, an increase of 100 per cent.

The revenue bill also provides for greatly increased taxes on incomes, profits and many of the every day things of life. It also carries a provision making the national capital bone dry.

Some of the provisions, such as a higher tax on chewing gum and one on ice cream and sundae will not be in operation until later in the spring.

Dr. J. H. Samuel left yesterday afternoon for Cincinnati where he will enter a hospital for a rest cure.

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

It is not to be wondered that Maysville showed a real grief at the death of Will D. Cochran. The rest of the State has occasion to share the grief of those Maysville neighbors, for Mr. Cochran gave the best he had to the interest of his State and his country as one of the Council of Defense during the war, and in other public efforts he labored tirelessly, ably and altogether admirably.—Courier-Journal.

When a man begins an ode on juleps he never gets any farther than the first line.—Baltimore Sun.

SUMMING UP THE EVIDENCE

Many Maysville People Have Been Called As Witnesses.

Week after week has been published the testimony of Maysville people—kidney sufferers—backache victims—people who have endured many forms of kidney, bladder or urinary disorders. These witnesses have used Doan's Kidney Pills. All have given their enthusiastic approval. It's the same everywhere. 50,000 American men and women are publicly recommending Doan's—always in the home papers. Isn't it a wonderful, convincing mass of proof? If you are a sufferer your verdict must be "Try Doan's first."

Here's one more Maysville case. "A. Sorries, lock and gunsmith, W. Second and Wall Sts., gave the following statement in January, 1912: "The action of my kidneys was irregular and the kidney secretions contained sediment. I had backaches and when I stooped over, I had trouble in straightening up. Colds settled in my back and kidneys, too. Doan's Kidney Pills stopped the trouble and my back and kidneys became as strong and well as ever."

On November 14, 1916, Mr. Sorries said: "I am the same strong believer in Doan's Kidney Pills today, as when I gave my former endorsement. I haven't had any trouble with my kidneys in a long time and I believe the cure they gave me will be permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Sorries had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

DO YOU VALUE VICTORY

Does it mean anything to you that the menace of Prussianism has been wiped out forever?

That humanity at home and abroad is safe for all time from the oppression of the domineering Hun?

That there will never be a German army of occupation landed upon American shores to collect a forced indemnity?

That your fortunes and your women folk's and your home has been made absolutely safe from Hun intrusion and depredation?

That the principles for which your forefathers died and died have been vindicated before the world?

That autocracy in its worst form—the Hun kind—has been dealt a death-blow and Republican ideas are dominating the world?

That America came out of the war with a loss of only 75,000 men where the other allies lost by the million?

That shortly all of our boys will be back, safe and sound from the Rhine, taking up the tasks of peace once more?

Do you value victory?
Does it mean anything at all to you?
Have you any feeling or gratefulness to those who won it?

If so then prove it in the Victory Liberty loan.

Let your gratitude your thankfulness, your patriotism be measured by your bond purchases.

For Uncle Sam's honor bound to see this thing through.

Just as much so as when he declared war upon Germany.

And we mustn't fall him. Our honor and his is at stake.

LET THE LEAGUE DO IT

The President of the U. S. Food Administration Grain Corporation "protests that America should not place the power to name the value of its products in the hands of any concentrated buying agency, no matter how friendly." But why not give that power to the forthcoming League of Nations? We are to give that League the power to say when we shall go to war; we are to give that League power to say when we shall send our citizens overseas as soldiers to settle the international disputes of Europe; we are to give that League power to determine innumerable questions regarding our international relations—why not give the League power to say what price we shall sell the wheat for which the government is to pay the farmers \$2.26? Are not a few million dollars of less consequence than our international relations and the lives of our soldiers?

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..."

"I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there."

"I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did."

"This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble."

"I feel it was Cardui that cured me, and I recommend it as a splendid female tonic."

"Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists."

KENTUCKY FALLS BEHIND IN FUNDS FOR EUROPEAN RELIEF

Large Sum For the Relief of Armenian and Syrians Yet to Be Raised In This State, Headquarters Reports.

The United States as a whole is well past the half-way mark in the drive for \$30,000,000 for the relief of the needy people in Armenia, Syria and Asia Minor, but Kentucky is falling far behind the average of the States in the drive for her portion of \$300,000 towards the national fund. At the tabulation made the latter part of last week the report for the entire nation showed \$16,239,713.22. There is no accurate statement possible from Kentucky, but in Louisville alone about \$25,000 has been raised toward the State quota, and from time to time reports are received of counties which have reached their objective.

If Kentucky is to be successful in the duty assigned her, it will be necessary for every county in the State to do its share. A single lagging county may result in the State's wartime charitable financing record being marked against for the first time.

Quite a few speakers have toured parts of Kentucky, and workers everywhere report that the people are familiar with the appeal which is behind the campaign to secure relief funds for the Near East. For this reason it is felt by the State leaders that success is certain, though it may be a matter of some little time, and for that reason it is proposed to extend the campaign limits until every county has actively participated in the movement.

The campaign has the endorsement of the President, the American Red Cross, the Food Administration Herbert Hoover, the National Council of Defense and all similar organizations. Already much relief work is being pushed, and the scope will be extended in keeping with the extent to which the American people heed the appeal being made.

BECKHAM LOOKING OUT FOR THE OHIO

Some time ago the Maysville Chamber of Commerce addressed a communication to Senator Beckham, suggesting that any effort he would exercise in an endeavor to secure an amendment to the River and Harbors bill would be appreciated. In reply he states:

"I have your letter of several days ago, in regard to the provision in the Rivers and Harbors bill for the work on the Ohio River, and I feel sure that we will be able to get through all that may be needed for the present to continue the work."

"I am giving the matter my constant and careful attention, and you can rest assured that I am doing everything possible to secure favorable action in it."

Major General W. M. Black, Chief of Engineers was also written on the same subject and his letter follows: "In reply to your letter of the 7th instant, asking that the pending river and harbor bill be amended to include an item of \$5,000,000 for lock and dam construction on the Ohio river, I have to advise you that the bill as reported to the Senate on January 27th, 1919, carries an appropriation of \$3,000,000 for the Ohio river locks and dams."

GRANNIS IS OPPOSED TO NON-PARTISAN JUDICIARY

Commonwealth's Attorney of This District Says Two Party Politics Is Safeguard to Democracy.

Thomas B. Cronwell, the Cincinnati Enquirer's Kentucky political correspondent, is each week carrying letters from Judges and Commonwealth Attorneys giving their ideas of a non-partisan judiciary.

This week Attorney B. S. Grannis, of this district expresses his opposition to the plan in the following manner:

"I am not in favor of the non-partisan election of Judges or any other officers. Since the eight or seven commission settled a little controversy between two gentlemen by the names of Hayes and Tilden, when I was a boy, I have observed these so-called non-partisan tribunals and never have known a Democrat to cease to be a Democrat or a Republican to change his faith by reason of being so selected.

"Besides, the history of political trials in Kentucky does not warrant the implied assumption that a Judge is more likely to decide in favor of his political friends. Indeed, my observation and experience is that there is greater danger that a Judge would do as Proctor Knott once told a Governor of Kentucky he was doing—'stand so d—a straight that he leaned backward.'"

"My 25 years' experience with the Judges of inferior and superior

Courts leaves me strong in my faith that their integrity rises so far above the minor influence of political association that the ill effect of partisan politics is negligible. If perchance a petty politician sometimes obtains the cap and gown, non-partisan elections will not prevent his kind from getting to the fore. It were better to cultivate the public conscience and make the nomination of poor material odious. The checks and balances of two-party politics are the greatest safeguards of a democracy and in a republican form of Government nothing can take their place. Record me 'agin' the whole scheme."

The onion thrips is an insect so small that it is almost invisible to the unaided eye, but it is prolific, and the most serious menace to the onion-growing industry of this country. It causes an annual loss to this crop alone estimated by specialists of the U. S. Department of Agriculture to be at least \$2,250,000. Though the insect has a particular liking for onions, it preys upon other garden and truck crops, such as cabbage, cauliflower, cucumbers and melons, and also has a ravenous appetite for greenhouse and many ornamental plants, particularly roses. To aid growers in identifying this insect and preventing the losses for which it is responsible, Farmers' Bulletin 1007, "Control of Onion Thrips," has recently been published by the U. S. Department of Agriculture.

PREPARING TO ATTEND STATE CONFERENCE

A number of Maysville and Mason county people are preparing to attend the state conference on Kentucky problems to be held at the State University at Lexington March 4 and 5. All of the Mason county war agencies will be represented and at this conference it will be urged that the present war activities be continued for the betterment of the state and nation turning the attention of the organization to other activities.

I Used To It

One thing the Government claims it accomplished was to make the soldiers more obedient, although the records will show that the married ones were ready for service on that score even before the war broke out.—Lexington Herald.

TOLL OF CIVIL WAR IN RUSSIA 13,700 ON JAN. 1

Soviet Leaders Will Take Figures to Peace Conference at Paris.

Helsingfors, February 25.—Information reaches your correspondent from Petrograd that on Saturday at a secret sitting, the Soviet commissioner of the Interior Lissovsky, reporting on the effects of civil war, declared that up to January 1, the number of persons shot by orders of the extraordinary commission did not exceed 13,700. No record was made of the numbers shot in small towns and villages as the local authorities avoided all bureaucratic methods and often acted on simple intuition. Lissovsky the commissioner concluded:

"With these figures in our hands we are going to the conference with the representatives of the Entente governments and shall show the whole world that the so-called Russian civil war has cost many less human lives than one small battle of the Imperialistic war."

The general Bolshevik situation is being complicated by the exhaustion of reserves of paper necessary for the continuation of their propaganda. The official organ of Petrograd, the Pravda, utters a cry of alarm and admits the whole Bolshevik press will cease to exist in April because the paper reserves in possession of the Soviet is only 9,640 tons, while the minimum required to assure the continuation of the press to July 1 is more than 96,400 tons. The importation of paper from Finland and Estonia has entirely ceased, while the amount produced within Russia is negligible.

Petrograd reports also say that the wife of Radek, leader of the Bolsheviks in Germany has been arrested in Switzerland. The Bolsheviks declare that 10 Swiss subjects in Russia will be shot March 15 unless before that date and Mme. Radek is released.

AN UNCONDITIONAL WEDDING "I'LL SAY SO"

The Pastime Theater will be no place for a modest man next Tuesday when manager Triebel will show Geo. Walsh in his latest picture "I'll Say So." It is by no means unusual for a motion picture to show a wedding—in fact it is rather unusual if there is no wedding some place during the action. But for a handsome hero to deliberately marry his beautiful leading lady dressed only in his—well, his B. V. D.'s sounds rather shocking.

Of course George Walsh has a perfectly good excuse for his disregard of the conventions. If you had been kidnapped by a couple of German spies and they had taken your girl and were forcing her to marry one of their kind. If you were able to escape in the aforesaid negligee condition

you would marry her yourself no matter what you had on—and so does George.

"I'll Say So" tells the story of the patriotic American who volunteers but is rejected by the navy and then, because he cannot stay out of it, works up a little private war of his own upon a couple of German spies, whom he discovers at work. How he does this is developed with many surprises in the typical Walsh way. Pastime Tuesday, February 25.

Paris—There are some fools in the Y. M. C. A. according to Brigadier General J. P. O'Neil of the Nineteenth Division. "Our Y. M. C. A. is everything to be desired," said the General. "Among the employees are some fools. One of them was such a fool that he would not stay away from the front line, and he got so tied up with Boche shells and other projectiles that we were forced to recommend him for a Distinguished Service Cross. That is a sample of the men you have sent to us. Please keep this work up and whether I am commanding this Division or not, the things that you have done will make a lasting impression upon it."

"THE ROSE"

'Twas just a bud this morning
And now 'tis a full blown rose.
'Tis blooming so sweet this evening,
But tonight its petals will close;
'Twill open again on the morrow
When the bright sun shows his face
And give to our beautiful rose
Its lovely innocent grace.

There's another kind of a rose too.
As lovely, sweet and fair;
As the beautiful rose of yesterday.
We saw a blooming there.
She is slender and tall with eyes of love

And cheeks of the brightest hue,
And the beautiful rose I am speaking of
Is no one, my dear, but you.

God loves you both, and has placed you here.

Our beautiful world to adorn.

He would like for you each some—good to do;

For through love and truth you were born.

He would like for you each some good to do.

For through love and truth you were born.

Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Dr. Williams' Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing her work. The proprietors have so much faith in the curative powers of Dr. Williams' Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. The Busy Hour for Telephoning

If we comprehend that residences are ordering their groceries and supplies—that retailers are ordering from the wholesalers, that freight depots are notifying their consignees, and professionals making their daily appointments—at just the time we are doing our own ordering, it must be between nine and ten o'clock in the morning.

If the "line is busy" when we call at that time, it is also busy for others when we are using it, and the whole situation might be relieved if we called later in the day.

If the person persists in visiting during the busy hours will have fine consideration for others, she will do it later in the day. She will not under any circumstances talk over five minutes. And she will use the telephone on party lines for reasonable and necessary purposes only.

MISCHIEVOUS KIDS ARE HERE WEDNESDAY

The Famous Sunday Paper Kids Will Be Guests of Local Youngsters Wednesday.

Up and doing and ever on the job will be these mischievous youngsters and juvenile plotters, "The Kids," when they appear at the Washington Theater Wednesday.

With the co-operation of Manager Gus Hill, the noted discoverer of novelties, the ever-popular R. Dirk will figure in a series of new adventures and exploits under the caption of "The Captain and the Kids." This is a rattling and highly amusing musical comedy in three acts and constructed on entirely new lines. All the favorite characters from the cartoons will be on hand and their doings are sure to find ready response and instant mirth with the public who have followed their careers in the pages of the Sunday supplement and dailies all over the country. "Mother" will be conspicuous as also will be the "Professor." Then the "goat" and other relatives will be in evidence just to make merry and disseminate fun and happiness to all. A large company, which includes twenty pretty girls in resplendent gowns and costumes, has been engaged. In fact nothing has been overlooked to present an attraction sure to meet with the approval and endorsement of the most exacting patron of the theater. Tickets are now on sale at Shafer & Watkins, Paint Store.

MASON COUNTY WILL BE CENTER OF PURE BRED RED DISTRICT

Expert Poultry Man From State University Passes Many Compliments On Mason's Standardization System.

(By County Agent George Kirk.)

It was with considerable satisfaction that the men who have been working to improve the poultry in Mason county listened to the pleased comment of Mr. A. S. Chapin, of the Experiment Station, on the splendid results obtained, and the favorable outlook. On account of the fact that Mason county boasts of such a strong Poultry Association, and the progress made in breeding Rhode Island Reds, Maysville Mason county is certain to become the center of the Rhode Island Red work in eastern Kentucky. The only possible chance for failure lies in the remote possibility of loss of interest in the county. Those who have flocks which have passed the official inspection are offered 72 cents per dozen for all of the eggs which they can supply. This is double the price of the produce house, and is infinitely better than selling a few scattered settings at a dollar or two each. Furthermore, the demand for Rhode Island eggs is expected to steadily increase during the next few years, on account of the standardization work done in adjoining counties. We are far in the lead, and by continuing to improve the flocks now in the county, and adding new ones this year, we shall be able to supply the major part of this demand at prices which will show a very large margin of profit. In the early spring, when the hens begin to lay at their best, is the time when the egg market drops. If you can sell all of your eggs at 6 cents each, how long will it take a hen to pay for the feed she ate during the winter? You are thus offered top prices at the time of maximum production. The standardization work is to include all of the counties adjoining the mountains, so that the Rhode Island Reds may penetrate into the district where the poultry needs improvement to a greater extent than anywhere else in the state.

This year the Rhode Island Red eggs supplied to the county will come as far as possible from culled and tested flocks in Mason county. We have some good Reds here—and some that need the axe. Which kind do you raise? If you want eggs call County Agent Kirk. Phone 52. \$1.10 per setting.

The office of the Deputy Revenue Collector in the government building is well filled most every hour in the day with people from this section making out their income tax returns. Although it at first looks like a great big job, the experts handle the matter quickly and detain one but a short time.

GROCCERS HAVE BIG TIME AT BANQUET HELD LAST NIGHT

In Honor of Birthday of Prominent Member, Grocers Meet to Make Merry and Hear Good Address—Judge Newell, George Kirk and Fred Hasselt Were the Speakers.

To honor the birthday of Mr. Fred Cablish, prominent member of the Maysville Retail Grocers' Association, who has just recently purchased the interest of his brother, Mr. J. C. Cablish, in the Cablish grocery, the grocers, their wives, daughters and sweethearts, gathered at the Neptune Fire Hall Monday night for a general good time.

The meeting was presided over by President Cummins and there was a feast of oratory, good sound reasoning on the most important topics of the hour and real mirth.

Music was furnished by Young's Orchestra while Mrs. Carl Dodds and Miss Teresa Gantley entertained the large assemblage with beautiful vocal solos and Miss Irene Gantley gave a beautiful piano solo.

Circuit Judge C. D. Newell was the chief speaker of the evening and never in his many splendid addresses before audiences of various kinds, has he spoke more interestingly or on a topic in which more interest is being displayed. Right at this time the people are anxious to learn all they can about the League of Nations. It is a new thing and something that is not thoroughly understood but after paying a glowing tribute to the memory of Hon. W. D. Cochran and a high compliment to Grocer Fred Cablish, in whose honor the banquet was being held, complimenting the grocers upon their outstanding patriotism during the world war and honoring the memory of Washington, Judge Newell entered upon a discussion of conditions as we find them at the close of the war. After pleading these conditions he left his hearers feeling as they have not yet possibly felt, the necessity of some such union as is proposed by President Wilson and his supporters in the League of Nations' Plan. Judge Newell's thought was clear and his argument convincing. It was a wonderful address on a subject our people need to know more about and the only regret about the whole thing was that there were not twice as many people to hear him.

County Agent George Kirk, himself an ex-grocer, who was fortunate enough to get out of the business before he took the bankrupt law, according to his statement, gave the grocers an address on the value of a credit rating bureau and gave them some idea of the workings of such a bureau.

The last but not the least speaker of the evening by any means was Fred Bassett, grocery salesman, recognized as the champion joke teller of the state. Fred was introduced by the President as "the funny man" and he soon demonstrated to the audience that he was everything claimed for him by the president. Some of the jokes told by Bassett have been going the rounds today and have made more laughs than anything that has struck Maysville recently. Fred Bassett is always a good man to close a program with for he leaves the crowd shaking their sides.

Following this spell of mirth the grocers and their guests enjoyed a feast of good things to eat closing the feast with a liberal portion of Traxel-Glascock's famous brick cream. In the center of the white block of cream was a red hatchet and upon the dainty cakes served with it were red cherries.

When the older folks had finished their good time, the floor was surrendered to the younger set who enjoyed dancing until an early hour this morning.

Every one left the hall with praises for the fine entertainment given by Committeeman James Wallace and his assistants and wishing Grocer Fred Cablish many happy anniversaries.

GIVING BANK THE FINISHING TOUCHES

The interior of the Farmers & Traders Bank is now receiving the finishing touches which will make it one of the most attractive banking rooms in the city of Maysville. The room has been greatly enlarged and very attractive fixtures have been installed.

RED CROSS WORKERS WILL DISCONTINUE THEIR LABORS

Mason County Red Cross Work Rooms Will Be Closed on Next Saturday—All Workers Asked to Return Material.

Miss Grace Bierbower, who has been at the head of the women workers of the Mason County Red Cross, announced this afternoon that the local Red Cross rooms will be closed on next Saturday and she asks that all of the women, members of the Red Cross, who now have aprons, thumbtacks, tables, scissors, etc., belonging to the Red Cross, return them to the rooms on next Friday afternoon. The rooms will be kept open for that purpose.

During the period of the war the women of the Mason County Red Cross Chapter have done much work and they have brought to our county a reputation as one of the first counties in the state in caring for the needs of the soldiers. Hundreds of articles of wearing apparel have been knitted by the women.

The social side of the Red Cross has been greatly enjoyed by the workers who will be very sorry to hear that the work will be brought to a close this week.

All of the material and articles used in the work will be gathered together and shipped by the officers of the Mason County Chapter to some central station for shipment to National headquarters.

CASES OF BOY GAMBLERS

ARE CONTINUED

The cases against Russell Beckett and William Fryman, young men arrested last night on Carmel street by Officer Gibson on charges of crap shooting, were called in Police Court this afternoon and because the defendants desired certain witnesses the cases were continued until tomorrow afternoon. Officer Gibson slipped up on the young men who were shooting craps in the street. He found \$2.45 on them and saw them in the game but in some manner they got rid of their dice before they were searched.

Squire Fred W. Bauer was acting County Judge yesterday during the absence of Judge H. P. Purnell from the city.
